2026 SPONSORSHIP OPTIONS

COMPEAR and GoAbroad.com have partnered to shine a light on underrepresented voices in global education and to explore how we can thoughtfully and boldly challenge the systems, practices, and habits that limit access, belonging, and opportunity in global education and beyond.

The 2026 Global Respectful Disruption Summits is a joint effort to bring together like-minded individuals for shared learning, discussion and action.

This will be real talk. This will be uncensored.
